THE DOWAGER EMPRESS DEAD

Autocratic Ruler of China Expires at Peking.

DEATH OFFICIALLY ANNOUNCED

Foreign Legations Notified That Both the Emperor and the Dowager Empress Have Passed Away—Prince Pu Yi Placed on the Throne, With His Father, Prince Chun, as Regent of the Empire—Rumors of Foul Play

Melbourne, Nov. 16.—The Sydney correspondent of the Age says that the Chinese reform party in that city has received a cablegram to the effect that the death of the Chinese emperor was due to foul play and that it is feared a rebellion will break out in China.

Peking, Nov. 16.—Tsze Hsi An, the dowager empress of China, the autocratic head of the government, which she directed without successful interference since 1861, and without protests since 1881, is dead.

The announcement of the dowager empress' death was official and followed closely upon the announcement that Kwang Hsu, the emperor, had died Saturday at 5 o'clock in the afternoon, but it is believed that the deaths of both the emperor and the dowager empress occurred a considerable time before that set down in the official statements.

An edict just issued placed upon the throne Prince Pu Yi, the three-year-old son of Prince Chun, the regent of the empire, in accordance with a promise given by the dowager empress soon after the marriage of Prince Chun in 1903. An edict issued upon Friday made Pu Yi heir presumptive.

Foreign Legations Notified. The foreign legations have been notified by the foreign board of the death of the emperor and the succession of Prince Pu Yi. Troops have been in readiness for several days to quell any disorders that might arise on the death of Kwang Hsu and the possibility of an uprising was made greater because of the fact that the death of the dowager empress was known to be close at hand. Two divisions of troops have been held in reserve and these are now stationed in various quarters of the city.

Twenty gendarmes were dispatched to guard the approaches to the legations, but up to the present the duties of the forces have been slight. It was announced that the legation guard was ordered out at "the special call of the legations on account of the emperor's death."

Prince Chun, the regent, has ordered the viceroys and governors to take precautions in the administration of the provinces as heretofore, and he has ordered 100 days of mourning. The court will go into mourning for three years.

Peking already has been greatly transformed, all red objects have been removed and blue substituted. The people have learned of the death of the dowager empress, and although the Chinese are in nowise emotional, they showed that they were profoundly impressed by the passing of their

powerful ruler. The foreigners in the city are watching the strange ceremonies with great interest. At the palace elaborate rites are being observed and a flood of edicts has been sent forth.

Ancient Death-Bed Observances.

Death-bed observances of 3,000 years ago marked the passing of the emperor and dowager empress. They died alone and unattended, although surrounded by circles of abject spectators, who remained a rod distant, as on account of the sacred persons of their majesties they could not be approached. The emperor died as he had lived, without ministrations of whatever kind or scientific aid. For months he had refused to permit the services of foreign physicians and, although it was stated that he had gone back to the old form of medical treatment, it is believed that latterly he received no treatment at all.

The government has given out that the dowager empress in a lucid interval on Friday last received Prince Ching, who is a Manchu and a member of the royal family, and approved the edicts declaring Prince Pu Yi heir presumptive and Prince Chun regent of the empire. Prince Ching was, at the beginning of the Boxer outbreak, lord chamberlain of the court and commander of the Peking field forces. It was on Prince Ching that the foreign officials hung hopes of the safety of the envoys. He has held many official positions and was high in imperial favor.

Tsze Hsi An (or Western empress) was born Nov. 17, 1834. She was the child of poor people who lived in Peking. At an early age she was sold as a slave by her parents. She became the property of a famous general who, enchanted with her great beauty, adopted her and offered her as a present to the reigning emperor—Hsien Feng. He made her his secondary wife and on her bearing him a son, the future emperor, Tung Chih, raised her to the first rank. On his death she became the regent of the empire, administering the national affairs with more vigor than any of her predecessors.

MEMBERS OF NEW HOUSE

Temporary Roll Call Shows Total of Three Hundred and Ninety-one.

Washington, Nov. 16.—The temporary roll call of the house of representatives for the Sixty-first congress has been completed and published. It presents a complete list of members of the new house as shown by unofficial returns and gives the politics of all of them. According to this publication the next house will consist of 215 Republicans and 172 Democrats, a total of 387, as against a total of 389 in the house during the last session, of whom 223 were Republicans and 166 Democrats. The result is a net loss of four from the Republican side and a net gain of six on the Democratic side, the discrepancy being due to present vacancies. All told, the Democrats gained 17 districts and the Republicans 12.

GOMEZ ELECTED PRESIDENT

Liberal Party Triumphant in Election in Cuba.

Havana, Nov. 16.—Practically complete returns of the election show that the Liberal victory was even more decisive than at first supposed. Official returns from 1,360 of a total of 1,498 polling places show that General Jose Miguel Gomez received 183,822 votes, against 118,329 for General Mario Menocal, the Conservative candidate. The Liberals carried every province in the island. Havana province went Liberal by 25,000 and the city by 13,000.

The Liberal majorities in the other provinces were approximately as follows: Oriente, 13,500; Santa Clara, 11,000; Camaguey, 1,200; Pinar del Rio, 7,500; Matanzas, 8,000.

Robbers Make a Big Haul.

South Bend, Ind., Nov. 16.—The biggest robbery in the history of South Bend, and one of the biggest post-office hauls ever made in this part of the country was pulled off by yeggmen who plundered the South Bend post-office of \$18,653.50, and made such a successful getaway that postoffice inspectors and police are without a clue.

LYING IN POOLS OF BLOOD

Woman and Her Two Children Found With Their Throats Cut.

Frankfort, Ky., Nov. 16.—Lying in pools of blood, with their throats cut from ear to ear, Mrs. Agnes Liddner and her two children, aged five and three years, respectively, were found in their home by neighbors who were attracted by the pitiful cries of the children. A razor was found in the clenched hand of the mother. The cause of the tragedy is a mystery.

POPE PIUS X. CELEBRATES

Fiftieth Anniversary of Ordination Observed.

BIG THROG IN ST. PETER'S

Great Edifice Crowded With Churchmen and Laymen as His Holiness Sings Pontifical High Mass—People Kneel to Receive His Blessing as Pope Is Carried Forward on Shoulders of the Noble Guard.

Rome, Nov. 16.—With all the hereditary pomp and ceremonial of the Roman Catholic church, his holiness, Pope Pius X., celebrated today the fiftieth anniversary of his ordination to the priesthood.

Devout believers thronged St. Peter's to hear the singing of the pontifical high mass by his holiness. All classes of Roman society were represented, from the high officials of the Vatican and those of the Quirinal who remain steadfast in the old faith to the street beggar and small farmer of the outlying country. The singing of mass in St. Peter's by a pope has been a ceremony of rare occurrence in recent years, for the pontiff's daily administrations take place in his private chapel in the Vatican. All the high dignitaries of the church were congregated in St. Peter's, with many visiting churchmen and Roman Catholic laymen.

Great ceremonies attended the pope's entrance into the church. Seated in the sedia gestatoria he was borne in on the shoulders of officers of the noble guard above the heads of the people, so that the congregation might behold the face of their spiritual leader. As the figure of the pontiff approached, giving the sign of

POPE PIUS X.

benediction to the congregation, the people knelt to receive his blessing. The scene in the vast interior of the church was most impressive. In the procession that followed the pope were the college of cardinals, the archbishops, bishops, prelates of the pope's household, heads of religious communities, the Knights of Malta, the Knights of St. Gregory and members of other ancient and historic orders.

Pius X., Giuseppe Sarto, his holiness the pope, bishop of Rome and vicar of Jesus Christ, successor of St. Peter, prince of the apostles, supreme pontiff of the universal church, patriarch of the West, primate of Italy, archbishop and metropolitan of the Roman province and sovereign of the temporal dominions of the holy Roman church since Aug. 4, 1903, was born in Riese, Italy, June 2, 1835. He was educated at the diocesan seminary of Padua and ordained in 1853. He served as parish priest until 1875, when he became episcopal chancellor of the diocese of Treviso. From 1884 until 1893 he was bishop of Mantua, being elevated in the latter year to the sacred college with the title of patriarch of Venice. Five days after the death of Pope Leo XIII. he was elected pope.

HEAVY LOSS FROM FIRE.

Indiana State Reformatory Buildings Burned.

Louisville, Ky., Nov. 16.—Five buildings of the Indiana state reformatory and nearly the entire plant of the Indiana Manufacturing company at Jeffersonville, Ind., across the Ohio river, have been destroyed by fire. The loss will total about \$250,000. There were no fatalities.

CATHOLICS GATHER IN WINDY CITY

Clergy and Laymen in Great Missionary Congress.

Chicago, Nov. 16.—The greatest assemblage of Catholics of the United States since the plenary council in Baltimore, more than twenty years ago, gathered here. The occasion is the Catholic missionary congress of the United States and Canada.

More than sixty archbishops, bishops and abbots of the United States, Mexico and Canada are assembled here. Their head is the Most Rev. Diomedes Falconi, apostolic delegate of the holy see at Washington. The leading spirit of the congress and the man in whose hands are all the arrangements is Archbishop Quigley, who is chairman of the board of governors of the Catholic Church Extension society. He is assisted by the Rev. Francis Clement Kelley, president of the society and permanent vice chairman of the congress.

The congress was made possible by virtue of the recent decree of Pope Pius taking the United States and Canada out of the ranks of missionary nations and placing them on the same footing as the nations hitherto recognized as distinctively Roman Catholic.

The aim of the congress is to arouse among the Roman Catholics of the United States a sense of the obligations imposed upon them by the new standing of America in the church. During the congress a message of congratulation will be sent to Pope Pius on the occasion of the fiftieth anniversary of his ordination.

IN A CRITICAL CONDITION.

Woman Who Threatened to Kill Mrs. Phipps Is Steadily Sinking.

Denver, Nov. 16.—Mrs. Allen F. Read, who threatened last Monday to kill Mrs. Genevieve Chandler Phipps with dynamite unless \$20,000 was immediately given her, is reported by members of her family to be in a critical condition and to be steadily sinking. She is said to be laboring under the impression that she had caused the death of some one and to evince remorse.

Two Boys Drowned.

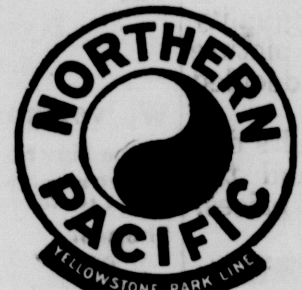

Duluth, Nov. 16.—While skating on the artificial lake of the Great Northern Power company, Frank McLeod, aged twelve, and Ralph Hynes, aged twelve, were drowned. The boys were close together when the ice gave way and both went down and were drowned before help could be given them. The bodies were recovered.

The Publisher's Claims Sustained

UNITED STATES COURT OF CLAIMS The Publishers of Webster's International Dictionary allege that it is, in fact, the popular and unadvisedly re-cited in every detail, and vastly enriched in every part, with the purpose of adapting it to meet the larger and severer requirements of another generation.

We are of the opinion that this allegation most clearly and accurately describes the work that has been accomplished and the result that has been reached. The Dictionary, as it now stands, has been thoroughly re-edited in every detail, has been corrected in every part, and is admirably adapted to meet the larger and severer requirements of a generation which demands more of popular knowledge than any generation that the world has ever contained.

It is perhaps needless to add that we refer to the dictionary in our judicial work as of the highest authority in accuracy of definition; and that in the future as in the past it will be the source of constant reference.

A fac simile may look something like a water color. A fac simile you can buy for \$1.00 per dozen. A genuine water color is a picture of beauty and of value. When we first went into the picture business we decorated our walls with cheap chromos and trashy stuff that made us tired to look at the third day, but large profits in selling. We have changed all this to pictures of more value and beauty, and while the profits are much less, we believe they will give tone to a dwelling and keep a warm spot in your heart for the giver 365 days in the year.

WHY YOU HAVE THE DYSPEPSIA

**The Most Certain Cure for all
Stomach Trouble is Waiting for You**

END ALL STOMACH MISERY
**Dipepsin Gives Relief in Five
Minutes and Thoroughly Regulates Your Stomach**

Does it ever occur to you how busy that little stomach of yours is? It actually only holds three pints, though in one year you force it to take in 2,500 pounds of material, digest it and prepare it for assimilation to the blood. Do you wonder at the number of cases of indigestion and stomach trouble? You crowd it with steaks and pastry, iariate its juices with spices and acids and expect this little four-ounce mill to do its work.

Is there any wonder that your food passes undigested, or lays like a lump of lead in your stomach? That everything you eat turns to acid, stomach gas and stomach poison, purifying the intestines and digestive canals, causing biliousness, headaches, dizziness and indigestion, heartburn, nauseous breath, constipation and other more dangerous symptoms?

Call your disease what you will—indigestion, gastritis, nervousness, dyspepsia, catarrh of the stomach, ect.,—you know the real name, the real disease is fermentation of the food you eat—a sour stomach, which belches gas and erupts undigested food or causes a feeling of nausea and miserableness.

All these miseries vanish promptly when you stop this food fermentation. Take fifty cents to your pharmacist for a case of Pape's Dipepsin. Eat a triangle, and five minutes later your stomach will do what a healthy stomach should—that is, turn every bite you eat into bodily nourishment and without you realizing that you have a stomach. One triangle will digest all the food you eat without the aid of the stomach, because it contains just the elements found in a good, strong, healthy stomach.

COUNTY COMMISSIONERS

Proceedings of the Board of County Commissioners. Meeting Held November 14th, 1908

Meeting called to order at 10 o'clock a. m. All members present. Minutes of last regular meeting read and approved.

Plat of the new town of Cuyuna in the nw¼, sec. 31, twp. 47, rge. 28, was presented to the board and upon motion the same was approved and the auditor so certified upon the plat.

Plat of Outing in lot 6, sec. 4, twp. 138, rge. 26, was also approved and auditors certificate attached.

Requisitions for supplies at the farm for next month were read and approved by the chairman.

The contract of O. W. Van Dorn for extra work on Ditch No. 13 was brought up for consideration. Favorable report of the county attorney was read and upon motion the work was accepted and contractor ordered paid in the sum of \$50.00.

R. R. Wise appeared in behalf of residents in his neighborhood north west of the city and asked for aid on certain roads in that section. A motion was made and duly carried appropriating \$150 out of the road and bridge fund to apply in repairing the road between sec. 28 and 29, twp. 134, rge. 28.

Request for use of court room for Farmers Institute, November 21st, was granted.

W. C. Lake appeared in behalf of residents of Gilbert Lake and urged that the old Pine River road at that point be kept open in order to hold the right of way for the future. Bruce, the owner of the land, offered to give right of way at this time and build his extra fence. Upon motion the matter was laid on the table until the next meeting in order to give the county surveyor time to file report.

It was reported that \$200 was not sufficient to pay the contractor on Swanberg-Pine River road, and upon motion an additional appropriation was made from the road and bridge fund for this purpose and the auditor was directed to issue warrant.

The road controversy with Edward Elmore in sec. 34, twp 45, rge. 28, was discussed at some length. Upon motion the question was referred to the county attorney and county surveyor.

Board adjourned until 2 o'clock p. m. All present except Commissioner Andrews.

The county attorney having looked up the record in the Elmore road case and consulted with Mr. Elmore made a report, and Mr. Elmore agreed to sign release of all damages for the sum of \$50.00. The board thought this to be in excess of the actual damage incurred and a motion prevailed to allow the bill at \$25.00. This Elmore refused to accept.

Surveyors report on survey of new road laid out between sections 26 and 27, and 34 and 35, twp. 138, rge. 29, was accepted and ordered placed on file.

E. G. Emmons, living near Long Lake west appeared and stated that during the present season the waters of Long Lake had been kept much above normal stage on account of the draining of Lake Edward and Lake Mollie into it by means of Ditch No. 13. He stated that resident on the lake shore had sustained damages as a consequence and requested that a committee be appointed to look into the feasibility of draining Long Lake into Gull Lake. It was decided that nothing could be done until it could be learned whether or not the Government intended putting in a dam at Gull Lake, and the auditor was directed to write the United States Engineer at St. Paul to find out on this point.

J. B. Sturre appeared on behalf of the town board of Perry Lake to ask for aid on roads. Upon motion an appropriation of \$150 was made to this township.

In the matter of the bridge across Daggett Brook in Cross Lake, a report from the county surveyor was read stating that the residents there had decided to put the bridge further down the stream as suggested by the town board of Watertown. The auditor was directed to advertise for bids for the bridge, to be received at the regular meeting Tuesday, December 1st.

The report of county surveyor in regard to overflowing of certain lands belonging to George Fleischecker in sec. 30 of Daggett Brook, by reason of draining the town line road was presented to the board. He stated that it would take nearly four miles of ditch to afford adequate relief and as this matter had been brought on by action of the town board it was decided to refer the question back to them.

Report of the farm for September which had been laid on the table at last meeting pending the return of stock sold to H. C. Zierke, was accepted and placed on file.

Report of the farm for the month of October was also read and approved.

Upon motion it was decided that the present Supt. of the farm be retained for the present.

Application of Mrs. M. J. Petrie for abatement of interest, penalty and costs on taxes for 1902-3-4-5-6 and 7 on the e½ of lots 1 and 2, block 2, Taylors Addition to Brainerd, was recommended to the Minnesota Tax Commission, also that of David R. Maurice on the sw¼ of

of sec. 33, twp. 44, rge. 31, for the years 1899-1900-1901-1906 the later being government land at the time assessed.

The board declined to recommend applications of R. J. Hartley on the n½ of nw¼, sec. 29, twp. 45, rge. 30. George Forsythe on the south 70 feet of lots 1-2-3, block 1, town of East Brainerd, also Benedictine Sisters Association on certain of their holding in block 128 and all of block 1 in West Side Park Addition.

The bond of Ritari Bros., contractors of state road No. 2, with the Aetna Indemnity Co. in the sum of \$5,000, was presented to the board and upon motion was duly approved.

Commissioner Crust having been elected Mayor of Brainerd, tendered his resignation as commissioner of the 4th district to take effect Nov. 16th, 1908. Upon motion the same was accepted

and placed on file. A vote of thanks was extended Commissioner Crust for his efficient services while on the board.

A MONARCH Range

Actually Pays for itself in COLD CASH

By reducing fuel bills 25c to 50 per cent

By saving one quarter of the time usually spent in the Kitchen

By eternally doing away with nearly all the disagreeable labor necessary to keep the ordinary range half way presentable.

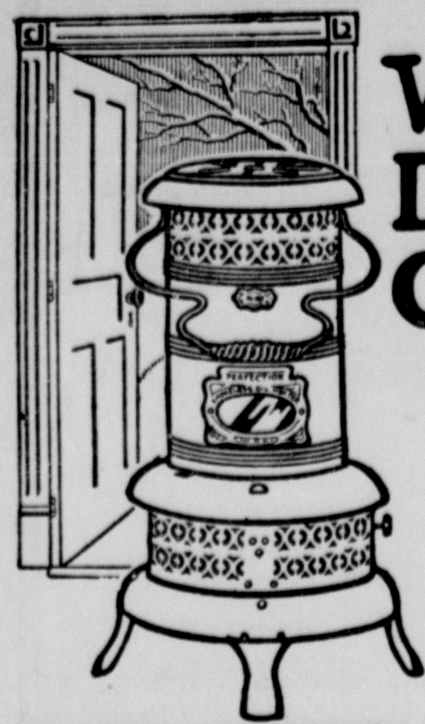

UNDERSTAND US!

Time, fuel and labor represent real money and the Monarch Range will positively save enough of all three to pay back its own cost in a short time. We don't make this statement thoughtlessly, but with a desire to demonstrate it to every intending purchaser. Our years of experience as range dealers convinces us that the construction of the Monarch fully justifies this claim.

How the Monarch Malleable Range Saves

TIME	LABOR	FUEL
Much time is wasted with a common range waiting for hot fire in the morning or a baking heat during the day. The Monarch works promptly. A piping hot fire in five minutes after opening drafts is the regular thing.	The hardest and most dishgreeable tasks about the kitchen are blacking the range top and cleaning the crusted black bottoms of cooking utensils. All this is done away with by the Monarch polished top that don't require stove blacking.	Ranges of the common type WASTE FUEL because outside air is drawn in through its open seams and joints. The Monarch utilizes ALL the heat in the coal or wood. It is built AIR-TIGHT by riveting its steel paltes to Malleable iron frames—no stove bolts or putty used

The Battle for Health

How to keep well.

This is the problem Dr. A. W. Chase's Nerve Pills have helped many thousands of people to solve by reason of their extraordinary blood forming and system building qualities. The only sure foundation for health is rich, red blood and a vigorous nervous system.

Both of these result from the use of Dr. A. W. Chase's Nerve Pills. Even though you know of this great restorative as a cure for nervous exhaustion, prostration and paralysis, you may have overlooked it as a tonic to build up the system when it gets run down and you feel weak and miserable.

Mr. G. B. EXLINE, 29 Stewart St., Dayton, Ohio, states:—"I felt debilitated, rundown, nervous, tired, lacked energy and strength. Dr. A. W. Chase's Nerve Pills built me right up, gave me restful sleep and good general health and energy. I gained seven pounds and consider them an excellent tonic."

Made of Forest Roots

Dr. Pierce believes that our American forests abound in most valuable medicinal roots for the cure of most obstinate and fatal diseases, if we would properly investigate them; and, in confirmation of this conviction, he points with pride to the almost marvelous cures effected by his

"Golden Medical Discovery"

which has proven itself to be the most efficient stomach tonic, liver invigorator and blood cleanser known to medical science. Dyspepsia, or indigestion and torpid liver yield to its curative action.

The reason why it cures these and many other affections, is clearly shown in a little book of extracts from the standard medical works which is mailed free to any address by Dr. R. V. Pierce, of Buffalo, N. Y., to all sending request for the same.

Not less marvelous, in the unparalleled cures it is constantly making of woman's many peculiar affections, weaknesses and distressing derangements is

Dr. Pierce's Favorite Prescription,

as is amply attested by thousands of unsolicited testimonials contributed by grateful patients who have been cured by it, often after many other advertised medicines, and physicians had failed.

Both the above mentioned medicines are wholly made up from the glyceric extracts of native, medicinal roots. The processes employed in their manufacture were original with Dr. Pierce, and they are carried on by skilled chemists and pharmacists with the aid of apparatus and appliances specially designed and built for this purpose. Both medicines are entirely free from alcohol and all other harmful, habit-forming drugs. A full list of their ingredients is printed on each bottle-wrapper. A Jeweler's Experience

C. R. Kluger, the jeweler, 1060 Virginia Ave., Indianapolis, Ind., writes: "I was so weak from kidney trouble that I could hardly walk a hundred feet. Four bottles of Foley's Kidney Remedy cleared my complexion, cured my backache and the irregularities disappeared, and I can now attend to business every day, and recommend Foley's Kidney Remedy to all sufferers, as it cured me after the doctors and other remedies had failed. HENEY RECOVERING.

Condition of Noted Prosecuting Attorney Is Most Satisfactory.

San Francisco, Nov. 16.—The condition of Francis J. Heney, who was shot by Morris Haas in the courtroom last Friday, is still most satisfactory and the attending surgeons report that he is making excellent progress on the road to recovery. Although the bullet has been located, embedded in the left jaw about one inch in front of the ear, the surgeons have decided not to extract it until Mr. Heney gains more strength.

The swelling in the throat is less than at any time since the patient was taken to the hospital and he is breathing normally.

Heney showed great interest on being informed that his assailant had taken his own life at the county jail. He said:

"It is too bad he did it before giving his reason for shooting me."

The suicide of Morris Haas, who tried to assassinate the noted prosecutor, was the subject of much discussion, and the police authorities are engaged in trying to ascertain how he was able to have concealed the pistol with which he took his life after he had been thoroughly searched two or three times. Two theories were advanced. One was advanced that he had the pistol hidden in his shoe from the time he attempted to kill Mr. Heney and it was overlooked by the police. The other theory, the one that the district attorney's office holds, is that the pistol was passed to him while he was in conference with his wife.

Jenny's Quick Method.

Jenny's uncle, who was a school teacher, met her on the street one beautiful May day and asked her if she was going to the Maypole dance.

"No, I ain't going."

"Oh, my little dear," said her uncle, "you must not say 'I ain't going.' You must say 'I am not going.' And he proceeded to give her a little lesson in grammar. "You are not going. He is not going. We are not going. You are not going. They are not going. Now, can you say all that, Jenny?"

"Sure, I can," she replied, making a courtesy. "There ain't nobody going."

TO TAKE UP MATTER OF TARIFF REVISION

Special Session of Congress to
Be Called Next Spring.

Washington, Nov. 16.—That a special session of the Sixty-first congress will be called soon after March 4 to take up the matter of tariff revision became known positively when William H. Taft, president-elect, after spending the day at the White House as the guest of President Roosevelt, stated that he intended to call the special session to meet as soon after his inauguration as would be reasonable.

Judge Taft has left for Cincinnati, where he had been summoned on matters of family importance, but which Judge Taft assured the newspaper men who had gathered at the White House was in no manner connected with politics. The call to Judge Taft to come to Cincinnati necessitated a hasty change of plans, so that instead of the president-elect, who was returning to Hot Springs, Va., from Brooklyn, N. Y., continuing to the Virginia resort, he left for his home. The day proved to be a busy one for Judge Taft. He spent the night at the White House as the president's guest and breakfasted with the family. During the early forenoon the president and the president-elect discussed matters of importance to the present and the incoming administration. No announcement was made as to the principal topic of the discussion, although Judge Taft admitted that it was not the weather.

Judge Taft attended services at All Souls Unitarian church, his usual place of worship when in Washington. Judge Taft sat in a pew near the entrance to the church and after the services held a short reception with fellow members of the church, who seized the opportunity to congratulate him.

Politics was discussed at luncheon, at which Secretary of State Root and Representative Nicholas Longworth also were the president's guests. Ambassador Henry White of Paris, Postmaster General George Von L. Meyer and Reekman Winthrop, assistant secretary of the treasury, dropped in later to pay their respects.

Following the various conferences, Judge Taft talked freely about his plans for the immediate future. After spending two or three days in Cincinnati he again will join Mrs. Taft at Hot Springs. On Dec. 7 he will be in Washington on his way to New York, where he will attend a meeting of the North Carolina society of that city. He will return to Washington for the meetings of the American Red Cross society, of which he is president. Then the president-elect and Mrs. Taft will be the guests of H. W. Taft and family in New York. They will leave for Augusta, Ga., Dec. 16, where they will seek rest for a month and a half. Further than that no definite plans have been made.

Crazy to Expect It.

Harduppe—Say, old fellow, lend me a hundred, will you? Riggs—A hundred what? Harduppe—A hundred dollars. Riggs—Oh, stop your joking. Harduppe (earnestly)—Joking? I was never more serious in my life. I'm broke. Riggs—My dear man, you're not broke; you're cracked!—Catholic Standard and Times.

Hot Stuff.

On opening a new golf course at Tankerton, Whitstable, Mr. Akers-Douglas related a good story. A golfer at Hale had an irritating experience with a local caddie. He followed so closely and was so anxious to please by intelligent anticipation that the player had several narrow escapes of severely disfiguring him. After a tedious and unprofitable round he paid him off, gave him his lunch ticket and threepence for cleaning his clubs and addressed him: "You know you are not quite perfect as a caddie. There is room for improvement. But as an agent for an accident insurance company you are pretty hot stuff. What is your name?" The caddie, a stolid looking and hitherto silent youth, moved, like Balaam's ass, by the exigencies of the situation, opened his mouth and replied, "Mustard."—London Express.

THE DOWAGER EMPRESS DEAD

Autocratic Ruler of China Expires at Peking.

DEATH OFFICIALLY ANNOUNCED

Foreign Legations Notified That Both the Emperor and the Dowager Empress Have Passed Away—Prince Pu Yi Placed on the Throne, With His Father, Prince Chun, as Regent of the Empire—Rumors of Foul Play

Melbourne, Nov. 16.—The Sydney correspondent of the Age says that the Chinese reform party in that city has received a cablegram to the effect that the death of the Chinese emperor was due to foul play and that it is feared a rebellion will break out in China.

Peking, Nov. 16.—Tze Hsi An, the dowager empress of China, the autocratic head of the government, which she directed without successful interference since 1861, and without protests since 1881, is dead.

The announcement of the dowager empress' death was official and followed closely upon the announcement that Kwang Hsu, the emperor, had died Saturday at 5 o'clock in the afternoon, but it is believed that the deaths of both the emperor and the dowager empress occurred a considerable time before that set down in the official statements.

An edict just issued placed upon the throne Prince Pu Yi, the three-year-old son of Prince Chun, the regent of the empire, in accordance with a promise given by the dowager empress soon after the marriage of Prince Chun in 1903. An edict issued on Friday made Pu Yi heir presumptive.

Foreign Legations Notified.

The foreign legations have been notified by the foreign board of the death of the emperor and the succession of Prince Pu Yi. Troops have been in readiness for several days to quell any disorders that might arise on the death of Kwang Hsu and the possibility of an uprising was made greater because of the fact that the death of the dowager empress was known to be close at hand. Two divisions of troops have been held in reserve and these are now stationed in various quarters of the city.

Twenty gendarmes were dispatched to guard the approaches to the legations, but up to the present the duties of the forces have been slight. It was announced that the legation guard was ordered out at "the special call of the legations on account of the emperor's death."

Prince Chun, the regent, has ordered the viceroys and governors to take precautions in the administration of the provinces as heretofore, and he has ordered 100 days of mourning. The court will go into mourning for three years.

Peking already has been greatly transformed; all red objects have been removed and blue substituted. The people have learned of the death of the dowager empress, and although the Chinese are in no wise emotional, they showed that they were profoundly impressed by the passing of their

POPE PIUS X. CELEBRATES

Fiftieth Anniversary of Ordination Observed.

BIG THRONG IN ST. PETER'S

Great Edifice Crowded With Churchmen and Laymen as His Holiness Sings Pontifical High Mass—People Kneel to Receive His Blessing as Pope Is Carried Forward on Shoulders of the Noble Guard.

Rome, Nov. 16.—With all the hereditary pomp and ceremonial of the Roman Catholic church, his holiness, Pope Pius X., celebrated today the fiftieth anniversary of his ordination to the priesthood.

Devout believers thronged St. Peter's to hear the singing of the pontifical high mass by his holiness. All classes of Roman society were represented, from the high officials of the Vatican and those of the Quirinal who remain steadfast in the old faith to the street beggar and small farmer of the outlying country. The singing of mass in St. Peter's by a pope has been a ceremony of rare occurrence in recent years, for the pontiff's daily administrations take place in his private chapel in the Vatican. All the high dignitaries of the church were congregated in St. Peter's, with many visiting churchmen and Roman Catholic laymen.

Great ceremonies attended the pope's entrance into the church. Seated in the sedia gestatoria he was borne in on the shoulders of officers of the noble guard above the heads of the people, so that the congregation might behold the face of their spiritual leader. As the figure of the pontiff approached, giving the sign of

POPE PIUS X.

benediction to the congregation, the people knelt to receive his blessing. The scene in the vast interior of the church was most impressive. In the procession that followed the pope were the college of cardinals, the archbishops, bishops, prelates of the pope's household, heads of religious communities, the Knights of Malta, the Knights of St. Gregory and members of other ancient and historic orders.

Pius X., Giuseppe Sarto, his holiness the pope, bishop of Rome and vicar of Jesus Christ, successor of St. Peter, prince of the apostles, supreme pontiff of the universal church, patriarch of the West, primate of Italy, archbishop and metropolitan of the Roman province and sovereign of the temporal dominions of the holy Roman church since Aug. 4, 1903, was born in Riese, Italy, June 2, 1835. He was educated at the diocesan seminary of Padua and ordained in 1853. He served as parish priest until 1875, when he became episcopal chancellor of the diocese of Treviso. From 1884 until 1893 he was bishop of Mantua, being elevated in the latter year to the sacred college with the title of patriarch of Venice. Five days after the death of Pope Leo XIII. he was elected pope.

HEAVY LOSS FROM FIRE.

Indiana State Reformatory Buildings Burned.

Louisville, Ky., Nov. 16.—Five buildings of the Indiana state reformatory and nearly the entire plant of the Indiana Manufacturing company at Jeffersonville, Ind., across the Ohio river, have been destroyed by fire. The loss will total about \$250,000. There were no fatalities.

CATHOLICS GATHER IN WINDY CITY

Clergy and Laymen in Great Missionary Congress.

Chicago, Nov. 16.—The greatest assemblage of Catholics of the United States since the plenary council in Baltimore, more than twenty years ago, gathered here. The occasion is the Catholic missionary congress of the United States and Canada.

More than sixty archbishops, bishops and abbots of the United States, Mexico and Canada are assembled here. Their head is the Most Rev. Diomedo Falconi, apostolic delegate of the holy see at Washington. The leading spirit of the congress and the man in whose hands are all the arrangements is Archbishop Quigley, who is chairman of the board of governors of the Catholic Church Extension society. He is assisted by the Rev. Francis Clement Kelley, president of the society and permanent vice chairman of the congress.

The congress was made possible by virtue of the recent decree of Pope Pius taking the United States and Canada out of the ranks of missionary nations and placing them on the same footing as the nations hitherto recognized as distinctively Roman Catholic. The aim of the congress is to arouse among the Roman Catholics of the United States a sense of the obligations imposed upon them by the new standing of America in the church. During the congress a message of congratulation will be sent to Pope Pius on the occasion of the fiftieth anniversary of his ordination.

IN A CRITICAL CONDITION.

Woman Who Threatened to Kill Mrs. Phipps Is Steadily Sinking.

Denver, Nov. 16.—Mrs. Allen F. Read, who threatened last Monday to kill Mrs. Genevieve Chandler Phipps with dynamite unless \$20,000 was immediately given her, is reported by members of her family to be in a critical condition and to be steadily sinking. She is said to be laboring under the impression that she had caused the death of some one and to evince remorse.

Two Boys Drowned.

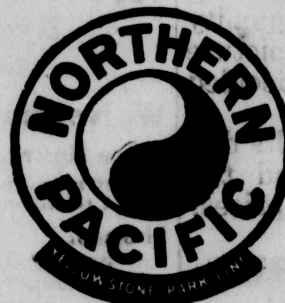

Duluth, Nov. 16.—While skating on the artificial lake of the Great Northern Power company, Frank McLeod, aged twelve, and Ralph Hynes, aged twelve, were drowned. The boys were close together when the ice gave way and both went down and were drowned before help could be given them. The bodies were recovered.

He Was Accommodated Promptly.
A German peddler rapped timidly at the kitchen entrance. Mrs. Kelly, angry at being interrupted in her washing, flung open the door and glowered at him.
"Did yez wish to see me?" she demanded in threatening tones.
The peddler backed off a few steps.
"Vell, if I did," he assured her, with an apologetic grin, "I got my vish, thank you."—Everybody's.

A fac simile may look something like a water color. A fac simile you can buy for \$1.00 per dozen. A genuine water color is a picture of beauty and of value. When we first went into the picture business we decorated our walls with cheap chromos and trashy stuff that made us tired to look at the third day, but large profits in selling. We have changed all this to pictures of more value and beauty, and while the profits are much less, we believe they will give tone to a dwelling and keep a warm spot in your heart for the giver 365 days in the year.

Lilliputians are Good
The Pollard Lilliputians added to their laurels Saturday afternoon and Saturday evening by their rendition of "Toy Maker." WHY YOU HAVE THE DYSPEPSIA

The Most Certain Cure for all Stomach Trouble is Waiting for You

END ALL STOMACH MISERY

Diapepsin Gives Relief in Five Minutes and Thoroughly Regulates Your Stomach

Does it ever occur to you how busy that little stomach of yours is? It actually only holds three pints, though in one year you force it to take in 2,500 pounds of material, digest it and prepare it for assimilation to the blood. Do you wonder at the number of cases of indigestion and stomach trouble? You crowd it with steaks and pastry, iariate its juices with spices and acids and expect this little four-ounce mill to do its work.

Is there any wonder that your food passes undigested, or lays like a lump of lead in your stomach? That everything you eat turns to acid, stomach gas and stomach poison, purifying the intestines and digestive canals, causing biliousness, headaches, dizziness and indigestion, heartburn, nauseous breath, constipation and other more dangerous symptoms?

Call your disease what you will—indigestion, gastritis, nervousness, dyspepsia, catarrh of the stomach, ect.—you know the real name, the real disease is fermentation of the food you eat—a sour stomach, which belches gas and erupts undigested food or causes a feeling of nausea and miserableness.

All these miseries vanish promptly when you stop this food fermentation. Take fifty cents to your pharmacist for a case of Pape's Diapepsin. Eat a triangle, and five minutes later your stomach will do what a healthy stomach should—that is, turn every bite you eat into bodily nourishment and without you realizing that you have a stomach. One triangle will digest all the food you eat without the aid of the stomach, because it contains just the elements found in a good, strong, healthy stomach.

COUNTY COMMISSIONERS

Proceedings of the Board of County Commissioners. Meeting Held November 14th, 1908
Meeting called to order at 10 o'clock a. m. All members present. Minutes of last regular meeting read and approved.

Plat of the new town of Cuyuna in the nw¼ sec. 31, twp. 47, rge. 28, was presented to the board and upon motion the same was approved and the auditor so certified upon the plat.

Plat of Outing in lot 6, sec. 4, twp. 138, rge. 26, was also approved and auditors certificate attached.

Requisitions for supplies at the farm for next month were read and approved by the chairman.

The contract of O. W. Van Dorn for extra work on Ditch No. 13 was brought up for consideration. Favorable report of the county attorney was read and upon motion the work was accepted and contractor ordered paid in the sum of \$50.00.

R. R. Wise appeared in behalf of residents in his neighborhood north west of the city and asked for aid on certain roads in that section. A motion was made and duly carried appropriating \$150 out of the road and bridge fund to apply in repairing the road between sec. 28 and 29, twp. 134, rge. 28.

Request for use of court room for Farmers Institute, November 21st, was granted.

W. C. Lake appeared in behalf of residents of Gilbert Lake and urged that the old Pine River road at that point be kept open in order to hold the right of way for the future. Bruce, the owner of the land, offered to give right of way at this time and build his extra fence. Upon motion the matter was laid on the table until the next meeting in order to give the county surveyor time to file report.

It was reported that \$200 was not sufficient to pay the contractor on Swanberg-Pine River road, and upon motion an additional appropriation was made from the road and bridge fund for this purpose and the auditor was directed to issue warrant.

The road controversy with Edward Elmore in sec. 34, twp. 45, rge. 28, was discussed at some length. Upon motion the question was referred to the county attorney and county surveyor. Board adjourned until 2 o'clock p. m. All present except Commissioner Andrews.

The county attorney having looked up the record in the Elmore road case and consulted with Mr. Elmore made a report, and Mr. Elmore agreed to sign release of all damages for the sum of \$50.00. The board thought this to be in excess of the actual damage incurred and a motion prevailed to allow the bill at \$25.00. This Elmore refused to accept.

Surveyors report on survey of new road laid out between sections 26 and 27, and 34 and 35, twp. 138, rge. 29, was accepted and ordered placed on file.

E. G. Emmons, living near Long Lake west appeared and stated that during the present season the waters of Long Lake had been kept much above normal stage on account of the draining of Lake Edward and Lake Mollie into it by means of Ditch No. 13. He stated that resident on the lake shore had sustained damages as a consequence and requested that a committee be appointed to look into the feasibility of draining Long Lake into Gull Lake. It was decided that nothing could be done until it could be learned whether or not the Government intended putting in a dam at Gull Lake, and the auditor was directed to write the United States Engineer at St. Paul to find out on this point.

J. B. Sturre appeared on behalf of the town board of Perry Lake to ask for aid on roads. Upon motion an appropriation of \$150 was made to this township.

In the matter of the bridge across Daggett Brook in Cross Lake, a report from the county surveyor was read stating that the residents there had decided to put the bridge further down the stream as suggested by the town board of Watertown. The auditor was directed to advertise for bids for the bridge, to be received at the regular meeting Tuesday, December 1st.

The report of county surveyor in regard to overflowing of certain lands belonging to George Fleischer in sec. 30 of Daggett Brook, by reason of draining the town line road was presented to the board. He stated that it would take nearly four miles of ditch to afford adequate relief and as this matter had been brought on by action of the town board it was decided to refer the question back to them.

Report of the farm for September which had been laid on the table at last meeting pending the return of stock sold to H. C. Zierke, was accepted and placed on file.

Report of the farm for the month of October was also read and approved.

Upon motion it was decided that the present Supt. of the farm be retained for the present.

Application of Mrs. M. J. Petrie for abatement of interest, penalty and costs on taxes for 1902-3-4-5-6 and 7 on the e¼ of lots 1 and 2, block 2, Taylors Addition to Brainerd, was recommended to the Minnesota Tax Commission, also that of David R. Maurice on the sw¼ of

A MONARCH Range

Actually Pays for itself in COLD CASH

By reducing fuel bills 25c to 50 per cent

By saving one quarter of the time usually spent in the kitchen

By eternally doing away with nearly all the disagreeable labor necessary to keep the ordinary range half way presentable.

UNDERSTAND US!

Time, fuel and labor represent real money and the Monarch Range will positively save enough of all three to pay back its own cost in a short time. We don't make this statement thoughtlessly, but with a desire to demonstrate it to every intending purchaser. Our years of experience as range dealers convinces us that the construction of the Monarch fully justifies this claim.

How the Monarch Malleable Range Saves

TIME

Much time is wasted with a common range waiting for hot fire in the morning or a baking heat during the day. The Monarch works promptly. A piping hot fire in five minutes after opening drafts is the regular thing.

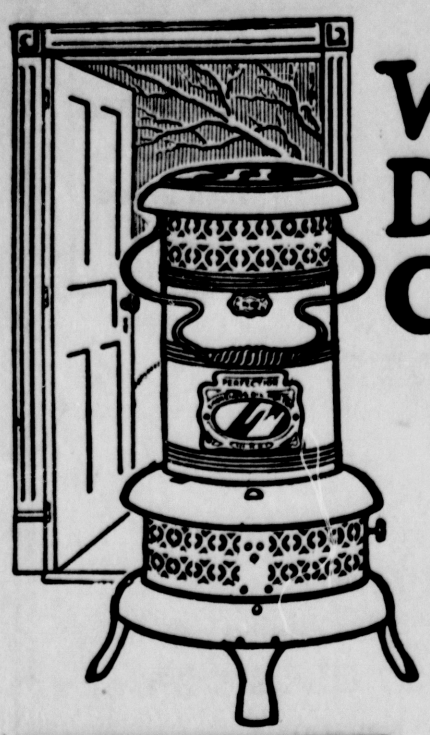

LABOR

The hardest and most disagreeable tasks about the kitchen are blacking the range top and cleaning the crusted black bottoms of cooking utensils. All this is done away with by the Monarch polished top that don't require stove blacking.

FUEL

Ranges of the common type WASTE FUEL because outside air is drawn in through its open seams and joints. The Monarch utilizes ALL the heat in the coal or wood. It is built AIR-TIGHT by riveting its steel paltes to Malleable iron frames—no stove bolts or putty used

The Battle for Health

How to keep well. This is the problem Dr. A. W. Chase's Nerve Pills have helped many thousands of people to solve by reason of their extraordinary blood forming and system building qualities. The only sure foundation for health is rich, red blood and a vigorous nervous system. Both of these result from the use of Dr. A. W. Chase's Nerve Pills. Even though you know of this great restorative as a cure for nervous exhaustion, prostration and paralysis, you may have overlooked it as a tonic to build up the system when it gets run down and you feel weak and miserable. Mr. G. B. Exline, 29 Stewart St., Dayton, Ohio, states: "I felt debilitated, rundown, nervous, tired, lacked energy and strength. Dr. A. W. Chase's Nerve Pills built me right up, gave me restful sleep and good general health and energy. I gained seven pounds and consider them an excellent tonic." The portrait and signature of A. W. STATEMENT BY FORAKER.

Regarding His Employment by the Standard Oil Company.

Cincinnati, O., Nov. 16.—Senator Joseph B. Foraker of Ohio has issued a statement making public a letter from Virgil P. Kline of Cleveland, O., regarding Mr. Foraker's employment by the Standard Oil company and the services he rendered under such employment. Mr. Kline is the Standard Oil attorney who personally employed Senator Foraker as an associate counsel in December, 1898, to assist in the cases pending in the Ohio supreme court against the Standard Oil company. In his letter Mr. Kline goes into the legal details of the cases at length and defines the duties of Senator Foraker in connection therewith for a period of about two years. Mr. Kline asserts that Mr. Foraker's legal duties did not in any way conflict with his public duties. The letter of Mr. Kline was written at the request of Mr. Foraker in view of the charges made by W. R. Hearst.

In concluding his statement, Senator Foraker says he submits to the legislature the question as to who shall be his successor in the senate, and while he will give further attention to the impending contest, he will not engage in any unseemly scramble.

NO ENGAGEMENT EXISTS.

Miss Elkins and the Duke of the Abruzzi Not Betrothed.

Washington, Nov. 16.—Senator Stephen B. Elkins has made the emphatic announcement that no engagement exists between his daughter, Miss Katherine, and the Duke of the Abruzzi of the Italian navy.

The statement was made with the knowledge and consent of Miss Elkins, who desired that the statement should be given to the public, which has manifested so great an interest in the matter. The statement by Mr. Elkins follows:

"I do not care to say anything further than that my daughter and the Duke de Abruzzi are not engaged to be married, and that I regret exceedingly the annoyance that must have come to the duke and his family by reason of the almost daily discussion of the matter in the press and the constant publication of rumors for so long a time—rumors which I venture to hope will now cease."

A Jeweler's Experience

C. R. Kluger, the jeweler, 1060 Virginia Ave., Indianapolis, Ind., writes: "I was so weak from kidney trouble that I could hardly walk a hundred feet. Four bottles of Foley's Kidney Remedy cleared my complexion, cured my backache and the irregularities disappeared, and I can now attend to business every day, and recommend Foley's Kidney Remedy to all sufferers, as it cured me after the doctors and other remedies had failed. HENEY RECOVERING.

Condition of Noted Prosecuting Attorney Is Most Satisfactory.

San Francisco, Nov. 16.—The condition of Francis J. Heney, who was shot by Morris Haas in the courtroom last Friday, is still most satisfactory and the attending surgeons report that he is making excellent progress on the road to recovery. Although the bullet has been located, embedded in the left jaw about one inch in front of the ear, the surgeons have decided not to extract it until Mr. Heney gains more strength.

The swelling in the throat is less than at any time since the patient was taken to the hospital and he is breathing normally.

Heney showed great interest on being informed that his assailant had taken his own life at the county jail. He said:

"It is too bad he did it before giving his reason for shooting me."

The suicide of Morris Haas, who tried to assassinate the noted prosecutor, was the subject of much discussion, and the police authorities are engaged in trying to ascertain how he was able to have concealed the pistol with which he took his life after he had been thoroughly searched two or three times. Two theories were advanced. One was advanced that he had the pistol hidden in his shoe from the time he attempted to kill Mr. Heney and it was overlooked by the police. The other theory, the one that the district attorney's office holds, is that the pistol was passed to him while he was in conference with his wife.

Jenny's Quick Method.

Jenny's uncle, who was a school teacher, met her on the street one beautiful May day and asked her if she was going to the Maypole dance. "No, I ain't going." "Oh, my little dear," said her uncle, "you must not say 'I ain't going.' You must say 'I am not going.'" And he proceeded to give her a little lesson in grammar. "You are not going. He is not going. We are not going. You are not going. They are not going. Now, can you say all that, Jenny?" "Sure, I can," she replied, making a courtesy. "There ain't nobody going."—Ladies' Home Journal.

TO TAKE UP MATTER OF TARIFF REVISION

Special Session of Congress to Be Called Next Spring.

Washington, Nov. 16.—That a special session of the Sixty-first congress will be called soon after March 4 to take up the matter of tariff revision became known positively when William H. Taft, president-elect, after spending the day at the White House as the guest of President Roosevelt, stated that he intended to call the special session to meet as soon after his inauguration as would be reasonable.

Judge Taft has left for Cincinnati, where he had been summoned on matters of family importance, but which Judge Taft assured the newspaper men who had gathered at the White House was in no manner connected with politics. The call to Judge Taft to come to Cincinnati necessitated a hasty change of plans, so that instead of the president-elect, who was returning to Hot Springs, Va., from Brooklyn, N. Y., continuing to the Virginia resort, he left for his home.

The day proved to be a busy one for Judge Taft. He spent the night at the White House as the president's guest and breakfasted with the family. During the early forenoon the president and the president-elect discussed matters of importance to the present and the incoming administration. No announcement was made as to the principal topic of the discussion, although Judge Taft admitted that it was not the weather.

Judge Taft attended services at All Souls Unitarian church, his usual place of worship when in Washington. Judge Taft sat in a new near the entrance to the church and after the services held a short reception with fellow members of the church, who seized the opportunity to congratulate him.

Politics was discussed at luncheon, at which Secretary of State Root and Representative Nicholas Longworth also were the president's guests. Ambassador Henry White of Paris, Postmaster General George Von L. Meyer and Beekman Winthrop, assistant secretary of the treasury, dropped in later to pay their respects.

Following the various conferences, Judge Taft talked freely about his plans for the immediate future. After spending two or three days in Cincinnati he again will join Mrs. Taft at Hot Springs. On Dec. 7 he will be in Washington on his way to New York, where he will attend a meeting of the North Carolina society of that city. He will return to Washington for the meetings of the American Red Cross society, of which he is president. Then the president-elect and Mrs. Taft will be the guests of H. W. Taft and family in New York. They will leave for Augusta, Ga., Dec. 16, where they will seek rest for a month and a half. Further than that no definite plans have been made.

Crazy to Expect It.

Harduppe—Say, old fellow, lend me a hundred, will you? Riggs—A hundred what? Harduppe—A hundred dollars. Riggs—Oh, stop your joking. Harduppe (earnestly)—Joking? I was never more serious in my life. I'm broke. Riggs—My dear man, you're not broke; you're cracked!—Catholic Standard and Times.

Hot Stuff. On opening a new golf course at Tankerton, Whitstable, Mr. Akers-Douglas related a good story. A golfer at Hale had an irritating experience with a local caddie. He followed so closely and was so anxious to please by intelligent anticipation that the player had several narrow escapes of severely disfiguring him. After a tedious and unprofitable round he paid him off, gave him his lunch ticket and threepence for cleaning his clubs and addressed him: "You know you are not quite perfect as a caddie. There is room for improvement. But as an agent for an accident insurance company you are pretty hot stuff. What is your name?" The caddie, a stolid looking and hitherto silent youth, moved, like Balaam's ass, by the exigencies of the situation, opened his mouth and replied, "Mustard."—London Express.

Made of Forest Roots

Dr. Pierce believes that our American forests abound in most valuable medicinal roots for the cure of most obstinate and fatal diseases, if we would properly investigate them; and, in confirmation of this conviction, he points with pride to the almost marvelous cures effected by his

"Golden Medical Discovery"

which has proven itself to be the most efficient stomach tonic, liver invigorator and blood cleanser known to medical science. Dyspepsia, or indigestion and torpid liver yield to its curative action.

The reason why it cures these and many other affections, is clearly shown in a little book of extracts from the standard medical works which is mailed free to any address by Dr. R. V. Pierce, of Buffalo, N. Y., to all sending request for the same.

Not less marvelous, in the unparalleled cures it is constantly making of woman's many peculiar affections, weaknesses and distressing derangements is

Dr. Pierce's Favorite Prescription,

as is amply attested by thousands of unsolicited testimonials contributed by grateful patients who have been cured by it, often after many other advertised medicines, and physicians had failed.

Both the above mentioned medicines are wholly made up from the glyceric extracts of native, medicinal roots. The processes employed in their manufacture were original with Dr. Pierce, and they are carried on by skilled chemists and pharmacists with the aid of apparatus and appliances specially designed and built for this purpose. Both medicines are entirely free from alcohol and all other harmful, habit-forming drugs. A full list of their ingredients is printed on each bottle-wrapper. Don't accept secret nostrums as substitutes for these medicines OF KNOWN COMPOSITION.
